

THUNDERBIRDS IMPROVE.

The fledgling Thunderbirds are improving with every start and the influence of American football made itself evident Saturday afternoon when the kids of Point Grey scored three kicks to the deadline, two in the first quarter and another in the second, to give V. A. C. an almighty scare. With defeat staring them in the face, the Red jackets pulled one of the smartest plays of the season when Trasolini purposely kicked a short high punt to midfield with Jackie May on-side. May sprinted down, gathered in the ball and went on sixty yards to a touchdown ahead of the thundering herd. Two kicked points added in the third quarter put the game on ice for Burley's Wolves.

Kendall was the big-shot of the Thunderbirds. He put barbs into Varsity's offence with as pretty a display of broken field running, passing, punting and line-smashing as any seen this season. His punts were well controlled and his passes hit their mark for two long gains.

Varsity saw victory slip away when Tiny Rader crashed through at left end to intercept a V. A. C. lateral and run fifty yards to what was thought to be a touchdown. An offside marred the score being allowed, it was one of the bright spots in the game.
